MANY SURPRISES HANDED DOWN IN FAYETTE LICENSE COURT.

Titlow Must Show Cause by June 1st Why License Should Not Be Revoked by the Court.

CONNELLVILLE MEN HELD OVER

Gregg & Gorley Who Had Erected Fine New Hotel in Uniontown Are Refused—Transfers Only at License Court-Sittings.

UNIONTOWN, April 25.—Liquor men were astonished today, when Judge J. Q. Van Swearingen, sitting in license court, handed down his decisions, and the most astonished man of all was George F. Titlow of the fine new hotel, who was granted a license, but required to show cause by June 1, 1908, why his license should not be revoked. The court stated no reason for its action, and the action caused general surprise. It is believed that the authority that has been caused by Titlow challenging William Likins to a duel caused the action of the court.

Gregg & Gorley, who erected a large new hotel almost opposite the Exchange Hotel in Uniontown, were refused a license, without comment. Charles Teed, who has been applying for a license for several years, was also refused. John M. Ramage of Fairbance, who constructed a new hotel at that place about 18 months ago, and to whom the court stated at the time would be given license, was this time refused, without a reason being stated. Ramage was granted a license late last summer and has been conducting his hotel ever since.

At the same time, two applicants for licenses, but they were refused summarily and with no reason given for the action.

Conrad Schalk, an applicant for a license in the new railroad town of Newell, in Jefferson township, was refused a license. He was an ex-convict at that place last year, and this year presented a well signed petition, having the signatures of many traveling men.

The court was very brief, but much to the point, in its remarks this morning. One of the license applicants was refused a license, and that in a large number of cases hotel men had complied with the requests of the court in making improvements; but that in a number of cases they had not. Cases where licenses were held over had failed to comply with these suggestions. The court stated that they would be still held over for a few days, but if these instructions were not complied with, then the licenses would be refused.

The following licenses were granted: Hotel License. Bellefonte, Ambrose G. Bradley, Frank Myford. Bridgeport, Frank S. Adams, James Riebeck, John E. Rickard. Brownsville, Robert M. Cook, David J. Province, Chas. W. Rush, James I. Thornton.

AGAIN POSTPONED.

Cashier of Drovers National Bank Will Be Tried at Coming Term of Court.

J. B. F. Rinehart, former cashier and Vice President of the Farmers and Drovers National Bank of Waynesburg, will not be tried at the present term of the United States District Court at Pittsburg, on the charge of violating the United States banking laws. A continuance of the case until the November term will be asked by United States District Attorney John W. Dunkle when the May term is opened.

The information against Rinehart charges false entries, making false reports to the controller of the currency and misapplication of the funds of the Farmers and Drovers National Bank. Information was made more than a year ago. The case was not taken up at the May term last year on account of the Enterprise National Bank cases coming up at that time, and because the government officials had not been able to fully prepare the case.

At the October term of court the case was continued to give Rinehart's attorneys time to prepare a defense. Since then, Charles W. Starck, the special bank examiner who is assisting the Department of Justice, has been engaged in New York. On this account the government will ask for more time.

THE LOCAL MEN WHO ATTENDED

List of Guests Numbered 214, and Business Matters Were Tabled at the Gathering in the Palatial Rittenhouse Cafe.

Heads of departments of West Penn interests were last night guests of J. S. and William S. Kuhns, representing the Kuhns interests in every part of the United States, at the new Rittenhouse Cafe, Pittsburg. The local men, heads of the various departments of the West Penn railways, electric and water systems, went to Pittsburg yesterday afternoon, leaving Connellsville at 2 o'clock on a special car which carried them to Greensburg. The return trip was made this morning, the party arriving home at 2 o'clock. The affair was given by the Messrs. Kuhns for the purpose of giving the men who manage the business a chance to become acquainted, and also as a testimonial of the employers to the merit of these capable managers. Fifteen different corporations, consisting of truck companies, banks and water companies, were present at the gathering, and shop talk was taboored through the entire session. It was specifically understood before the gathering was invited that it was to be an evening of social enjoyment and good fellowship.

The number of guests, everyone representing an important part of the great Kuhns interests, that seated themselves about the table was 214. An elaborate menu was served at the palatial cafe, including "Connellsville stringers," Idaho potatoes, and "shor-bone without water stock." The severest of the appearance of the Gridiron banquet and jolly and merriment was mingled in every detail. Jokes abounded throughout the entertainment and no guest was happier than the hosts.

Merits of the company were delivered, and there were six jabs at various officials of the company. These were replied to in the same vein of mirth and humor.

Those who attended the banquet from this section were Messrs. Folsa, Conklin, Brown, Pitt, Cotton, Jendla, Schaefer, Schaefer, Schaefer, Lawrence, Stillwagon, Marr, McGough, Black, Coffey, Hartley Stewart, S. W. Kenney, W. R. Kenney, Vossor, Glass, Wells, Long and Rodgers.

BUSINESS SLOW

In Police Court Where But Little More Than Charges for Keeping of Prisoners is Collected.

Police business has been slow during the past week, and little more than sufficient to pay for the keeping of the prisoners has been realized in police court. This morning two train riders were before Burgess Soloson. They were John R. Close of Ellerslie, Md., and W. J. Burchinal of Charleston, Md. Both young men were seeking work and had it promised to them at Pittsburg. They were nearly dressed and were discharged. Frank Ryan of Coraopolis, was fined \$3.50 for being drunk. He drew \$10 last week in Pittsburg and went off on a trip in search of work. At Jounette yesterday he met a number of class workers and accumulated a jag. He brought it to Connellsville where he was arrested.

Man Shot Stealing Chickens Dies as Typhoid Fever Patient.

SMITHFIELD, April 25.—A man who died recently in this community, after a very short illness, has developed a mild sensation in the town. It is said that the death certificate signed by the man's physician gave the cause of death as typhoid fever. It has since developed that the man was one of those who had been making inroads upon the chicken roosts of Frank Stewart of White House. The latter caught two men in the act of stealing pullets from the roost, and shot and killed them with a revolver. After the second shot one of the men was seen to fall, then rise to his feet and stagger on into the darkness. It is now confidently believed by many of the citizens that the man shot was the man who died suddenly of "typhoid fever." It is not probable that any investigation will be made of the case.

DUNBAR CLASS VERY SMALL.

Pretty Decorations and Proud Parents of Two Towns See Their Children Go Forth to Fight the Battle of the Great Wide World.

The annual commencement exercises of the Senior Class of 1908 of the New Haven public school were held last evening in the New Haven auditorium in the presence of a large and appreciative audience, composed of the relatives of the class members, the Directors and their wives and friends and patrons of the schools. The class is composed of 13 very attractive young ladies. The unlucky number was only 80 because no boy shared with the girls. The class has the distinction of not only being the largest but one of the brightest classes to graduate from the New Haven public schools. However, it is not the first class to graduate with the companionship of young men. Few young men graduated from the New Haven public schools, therefore not reaping the benefit of the excellent opportunities afforded them for securing an education. All the members of the class participated in the program and their splendid work last evening was only a small part of what they have accomplished during the term.

The program was an entertaining and interesting one. The girls handled their subjects in a manner which elicited great applause from the audience. Rapt attention was given throughout the entire class was clear and distinct, and each number could be heard all over the large auditorium without any difficulty. The young ladies looked very charming in their caps and gowns.

The decorations were elaborate and artistic. The stage was profusely decorated in Easter lilies, large bouquets of American Beauty roses, azaleas, tulips, ferns and palms, while the class color banners were much in evidence. The program opened with a short musical program rendered by Kifer's orchestra, after which the devotional exercises were conducted by Rev. Thomas Lloyd, pastor of the Trinity Episcopal church.

Miss Anna B. Laffey then delighted the audience with an oration, "True Nobility," followed by a recitation, "Call to Courtship," by Miss Kathryn Rusten. This was followed by an "essay" on "Opportunity," by Miss Elizabeth Forwalt. Miss Forwalt spoke of the many opportunities given one in the public schools in the way of securing an education.

An oration, "The School of Life," by Miss Cora Chain, was an interesting number and the subject was ably handled by Miss Chain. Miss Stella Kerber entertained the audience with a recitation, "Buzzard's Point," after which a selection was rendered by the orchestra. An oration, "Our Representative," by Miss Frances Rhodes, was the next number, and the subject was one of much interest. The next period was taken up with an essay, "A Shining Light," by Miss Anna Forwalt, followed by a recitation, "On the Rappahannock," by Miss Kathryn Kelly. An oration on "Napoleon" was well handled by Miss Lorrato Laffey, and won much applause from the audience. A selection by the orchestra followed this number.

One of the interesting numbers on the program was an oration, "Working One's Way," by Miss Cora Besse Stauffer. Miss Stauffer is an eloquent student of ability, and her subject last evening gave her an opportunity to display her talent along this line. A recitation, "The Sisters," by Miss Audobon Hays, was an excellent number, as well as the oration, "The Big Seven," by Miss Laura O'Connor. The next number was the valedictory, by Miss Pickett, followed with a selection by the orchestra.

County Superintendent of Schools C. G. Lowthion then gave the class address. He paid an eloquent tribute to the class of 1908 for their excellent work done during their school life and dwelt at length upon the rapid progress which is being made in the public schools of today. In closing he gave excellent advice to the 13 sweet girl graduates who are about to enter upon a new line of work.

Honry Rhodes, President of the School Board, with a few well chosen remarks, presented each member with the class diploma, after which the entire class rendered the class poem, written by Miss Audobon Hays. The program closed with (Continued on Sixth Page.)

THOSE MISSING MAPS

And Notes of Borough Engineer's Office Provoke a Reply from

EX-BOROUGH ENGINEER FOUST.

Borough Engineer Hogg Declines to Enter into a Controversy About It, But Makes a Dignified Affirmation of His Previous Statements.

Samuel M. Foust, former Borough Engineer, hands us the following communication concerning the work of the office and his connection therewith:

In the editorial columns of The Courier of April 22, 1908, appeared the following item:

"Borough Engineer Hogg is not a grabber or grafter. If his bill has been large his work has been commensurate with it."

Following after the publication of the proceedings of Council at their last meeting, wherein Councilman Wallace, through a report from Borough Engineer Hogg, attempting to justify a seemingly large expenditure for the past year, appears to your correspondent as a personal attack. For the information of the public who is the party master, I beg to submit the following statement:

Engineer service from November 1st, 1904, to March 1st, 1907, 25 months, cost \$1,051.60, equals \$42.06 per month, equals \$853.40 per year. This includes besides the work covering that period the re-measuring, re-estimating and re-appropriating work done under my predecessor, to wit: curbing of Fayette street, curbing of Vine street, Cedar avenue, Fort street and South Alley East of Prospect street. No great amount of paving was done during this period, aggregating, however, 2579 linear feet of streets and alleys against 570 linear feet in the last year.

Great stress seems to be laid on the fact that the present incumbent had to prepare a map of the sewer system for the State Board of Health. This of itself, according to the statement of the late Borough Secretary, of which the Honorable President of the Council has a copy, was \$456. The total amount paid Mr. Hogg up to March 1, 1908, amounted to \$1,330.48, and on April 1, 1908, another bill of \$425.61 was paid him, thus aggregating \$1,756.09, from which if the \$1,051.60 be deducted would leave \$704.49 to be compared against \$853.40, the average for the period above mentioned; this comparison, however, would be unfair, as during this period I had to prepare a map of the sewer system at a cost of \$240.40, which is included in the aggregate of \$1,051.60 for the 25 months previously mentioned, which in itself would be a legitimate offset against the \$425.61 charged by the present incumbent, inasmuch as I had to remake a number of the rough drawings which were destroyed or lost during the regime of my predecessor. These plans, consisting of two volumes bound in heavy board and cloth, was handed to my successor with the understanding that he would practically all the streets in the borough. These plans would have supplied most of the information necessary to have enabled him to have made the required plans and report to the State Board of Health. When my predecessor came in there was a blue print of the entire sewer system in the vault, giving all details and elevations, and all the drawings and notes from which all details and sizes were computed.

When I came in, in November, 1904, having no occasion to use this particular map, I did not look for it and therefore am unable to say if it was in the vault or not. All the information I got from my predecessor was a map of the borough of generous size, costing \$1,800 or \$2,000, which I presume is in the Public Building.

Borough Engineer Hogg, it will be remembered, stated before the Council at its last meeting that when he took charge of the office there was a complete absence of maps and notes. Asked about the matter this morning, he said: "Mr. Foust is an old engineer, an old citizen and an honest gentleman. I prefer not to have any newspaper controversy with him. I explained the matter fully and satisfactorily to the Council. I think I was quoted a little too strongly about the maps. Mr. Foust did turn over to me the sewer book and the profile book he mentions, but aside from these I received nothing whatever. There was a complete absence of other maps and notes that are necessary and proper records of the office."

Mr. Foust's predecessor in office was Ed. J. O'Brien.

A nervous, irritable woman is a source of misery not only to herself, but to all those who come under her influence. That such conditions can be entirely overcome by taking

LYDIA E. PINKHAM'S VEGETABLE COMPOUND is proven by the following letters.

Mrs. Mary Wood, of Christiansburg, Tenn., writes to Mrs. Pinkham: "I had the worst form of female trouble and my nerves were all torn to pieces; sometimes I suffered so much that it seemed as though I could not live."

"I began to take Lydia E. Pinkham's Vegetable Compound and now I feel like a different person. Your medicine is worth its weight in gold, and I cannot say enough for your advice."

Mrs. Wallace Wilson, Thompsonville, Conn., writes to Mrs. Pinkham: "I was ill run down, nervous, and could not rest nights. Doctors failed to help me. Lydia E. Pinkham's Vegetable Compound restored me to perfect health."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, why don't you try it?

Remember that every dollar you save is a dollar earned. One dollar spent here will do the work of two elsewhere. If we have never made clothes for you, now is a good time to begin. If, because you have been paying some other tailor \$30 upward, you are not convinced that we can please you as well at \$15 upward, you owe it to yourself to find it out.

Nearly 100 satisfied customers within two weeks are proud that they've more good clothes to wear per year, and that their bank balances show more to the good through their clothes savings here. And we guarantee. That means we do our work so well that fault finding is difficult—and that we make good when we go wrong. The skeptical man is safe in making a trial. "The Clansman," despite threats to the contrary, held the boards at the Soloson Theatre last night. But after the play the company was held up by Deputy Sheriff George Dacker, and the money and property of the company was attached in behalf of Robert W. Singer, manager of the Colonial Theatre, who claims breach of contract and demands \$300 damages. Singer claims he holds a signed contract with Manager George E. Brennen of "The Clansman" company. A scire facias clause is attached to Fred Robbins, lessee of the Soloson Theatre.

Bail was fixed at \$500 and the company allowed to go its way to Youngstown, the issue to be determined before the court when the writ is returned. Attorney Higbee represented the Soloson Theatre and R. W. Playford the plaintiff.

REAL VAUDEVILLE.

A Summer Season of High-Class Vaudeville Opens at the Soloson Theatre Monday Afternoon.

Vaudeville in the highest sense of the term will be presented daily at the Soloson Theatre, commencing on next Monday afternoon. The very best in vaudeville acts will be presented and everything will be of a refined nature. The theatre will open at 2 P. M. daily. One performance will be given in the afternoon and two at night.

Patrons can come when they like and stay as long as they please. A strong bill will be presented at the opening, a program of which will be found on the second page.

Dandy Dixie Minstrels. With the same big company of clever colored performers who entertained New York audiences on the New York Theatre Roof Garden for three months, the Dandy Dixie Minstrels, headed by the famous Cotton Pickers' Band, will be seen at the Soloson Theatre this afternoon and evening.

Nothing quite so stupendous in minstrelsy has ever been attempted by a colored aggregation before. The Cotton Pickers' Band is a specially organized coterie of solo musicians, who either on parade, in concert before the performances or on the stage have won the proud distinction of being the only colored band to have played in New York for three consecutive months.

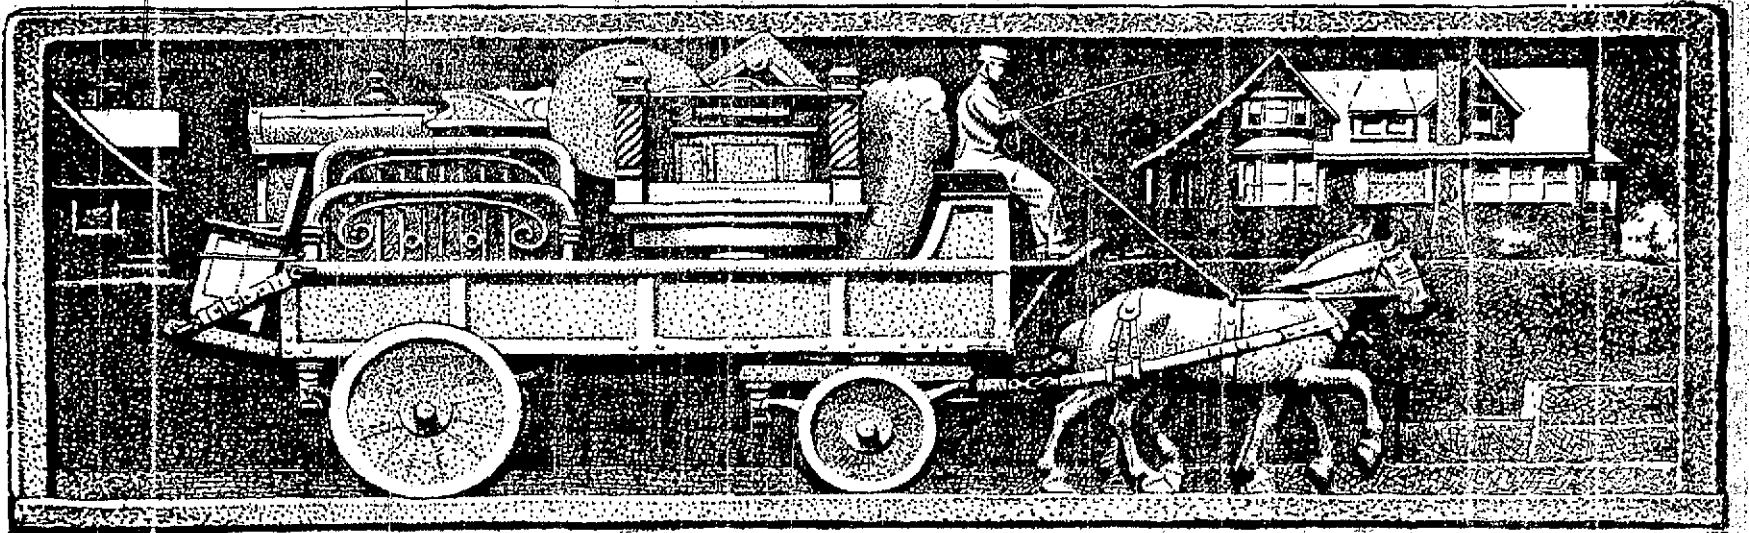

The performance begins with a magnificent first part, the scene being an elaborate setting in the Royal Palm Grotto. The olio features comprise ten big acts, many of which are screamingly funny.

DUNBAR AND NEW HAVEN SCHOOLS. HOLD COMMENCEMENT EXERCISES.

(Continued from first page.)
The pronouncing of the benediction by Rev. Loyd, after which the members of the class received the hearty congratulations of their many friends. The class is composed of the following young ladies: Miss Annie B. Laffey, Kathryn Radman, Elizabeth Fornwald, Cora M. Chalm, Stella Kerp, Kathryna Kelly, Loretto E. Laffey, Cora Bessie Stauffer, Audon Hewes, Laura O'Connor and May Pick.

The class presented their teacher, H. George May, with a very handsome rocker.

Packed to the doors with standing room at a premium, the Methodist Episcopal church presented a pretty appearance when the graduating class of the Dunbar High School held their commencement exercises last night.

The church was handsomely decorated in evergreens and the class colors, red and white, the chandeliers being festooned in the class colors. Every available nook and corner showed the red and white.

After music by the orchestra and the invocation by Rev. L. M. Humes, pastor of the Methodist Episcopal church, came the Salutatory by Wendell Carroll, who delivered it in a clear and firm voice. "The Purpose of Education," was the subject and he said in part:

"It has been the aim of the institution which we have received to provide us with the right sort and to train us for its proper use. We realize that we have had as yet too little experience in the duties and responsibilities of real life to fully appreciate and understand the value of this intellectual and moral training that our course of study affords; but we do know that we are wiser and better for it. To most of us the education that we have received here will be our only capital in beginning life, and for whatever of position or power we may afterward gain, we shall be largely indebted to our schools."

John Golden came next in a very readable piece, "Our First Whippings," a unique and interesting topic removed from the stereotyped subjects usually handled by High School graduates. He got a hearty response from the big audience.

Miss Pearl Elcher, the lone lass of the class, read an essay on "Woman's Work," and in part she said: "Do not spend many weary hours in agonizing your own natural ability but find out each one what you really want to do, then try to do it with a will. How fortunate we are to live in an age of such advancement. Think of the days when woman till-

ed the soil and great physical loads were placed upon her back. Think of the Indian woman of the early days of our own country, of the women of China, how they are bound to custom and to rule. Think of the down-trodden peasant woman of Russia and then recognize your own good fortune. But this very fortune of ours is a conscience monger to us. How can we have so much and give so little is the thought that we should have within us. If you are in the commercial house it is your duty to do all you can to help its progress, or if you are supposed to be a housekeeper of the family, it is your duty to advance the physical comfort in your little home group so that its members will be able to fight the battles of the outside world."

Then followed a solo by Mrs. William T. Carroll of Uniontown and a declamation, "The Man Who Baited the Wolf," by Wendell Carroll, which, although humorous, rang true in every phrase.

In the recitation of "The Ugly Aunt," recited by Miss Pearl Elcher, she brought roars of laughter from the audience. The selection was delightfully rendered.

The Valedictory was delivered by John Golden. He said: "The foundation upon which we must rest the structure of our lives is tonight completed. Whether or not it is without flaws and strong enough the edifice, we each, as architects of our own future have designed to rear upon it, the future along can determine. Slowly but surely through the coming years it will rise, every touch of another's life on ours, every influence that impresses us, every act of our commonest days adding something to it. The days of our years are too few to permit any clumsy or careless workmanship. There must be no tearing down or readjusting. It is the broken threads that become entangled in the weaving. We are drawn together now as never before and the last handshake has a new thrill in it with changeless love for our High School and steadfast loyalty to one another. With hearts beat on setting before the world 'the building of our lives' complete in every detail, go we forth into the world."

Mrs. Carroll then sang a solo, and in a few well chosen remarks Attorney Wanda N. Carr of Uniontown presented the class with their diplomas. School will close on next Tuesday, April 28.

ARE YOU GOING TO HESITATE TO TRY A REAL INDIGESTION CURE?

Read Below Why the Worst Dyspeptic in This City Can Find Immediate Relief With These 22-Grain Triangles.

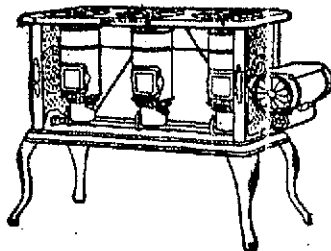

Miserable is the man or woman who suffers from dread indigestion or dyspepsia. There are few diseases which create such misery, long drawn out suffering as indigestion. It pursues them before meals, after meals and between meals; they take it to bed with them. It is with them wherever they go, though indigestion is the simplest disease of all to cure. Tell such afflicted ones, dear reader, of the 22-grain Triangles of Diapopsin; urge the sufferer to go to any pharmacy here and give 50 cents for a case, and to eat one like candy after the next meal. Such a sufferer would ever bless you, because five minutes after eating one Triangle there would be no more indigestion, no feeling like a lump of lead in the stomach, or heartburn, or fullness and discomfort, no belching of gas or eructations of sour food, glibbating headache, nausea, water brash and other symptoms of a sour, disordered stomach.

Papa's Diapopsin contains pure Aspic Papain, one grain of which

will digest without any assistance 3,000 grains of food; also Diapopsin, Papain, Calcium, pure Extract Casein, Saccharin, powdered ginger and other ingredients, making these Triangles harmless and taste like candy. Diapopsin is a wonderful stomach purifier and splendid to keep the intestines clean and fresh; then your food will not ferment and poison your breath with nauseous odors. Just one 22-grain Triangle will digest more than 3,000 grains of food in the same way that a strong, healthy stomach would do it. Diapopsin will rest the stomach and improve the gastric juices; this is what is mostly needed—more and better digestive juices—and no gas—then indigestion and all stomach trouble will go, and there will be no further need of Diapopsin.

Each 50 cent case contains sufficient of these 22-grain Triangles to usually cure the most chronic dyspepsia and leave some for the other members of the family who may need it for gas on stomach, headache or other disorders when they eat something which does not agree with them. A case ought to be kept in each home.

MAINY CONVENTIONS

Will Be Held During the
Next Week in Several
States.

PENNSYLVANIA IS FOR KNOX.

Will Get the Solid Delegation of 68
Votes From His Own State—Taft
Will Probably Land the Delegates
Instructed From West Virginia.

Special to The Courier.

WASHINGTON, D. C., April 25.—The coming week holds in promise an abundance of events that will interest newspaper readers. Politics, for one thing, church celebrations, conventions, sporting events and the entertainment of the battleship fleet on the Pacific coast will share in the public attention.

State and district political conventions will be held next week during a similar period since the campaign began. Of these a majority will be of the Republican party. Secretary Taft will carry off the honors in most of the States, but in the number of delegates he will be beaten out by Senator Knox, for whom the Pennsylvania State Convention, to be held at Harrisburg next Wednesday, will instruct the 68 delegates from that State.

Republican Conventions, State and district, will be held in two New England States during the week, Vermont and Maine. From present indications both are likely to follow the example of Massachusetts in sending an undivided delegation to Chicago, with a majority of the individual members presumably for Taft. The Taft managers expect to get the Colorado delegation and also have hopes of capturing West Virginia, whose State Convention is to meet at Parkersburg Tuesday. Of the Southern States in which Republican Conventions will be held during the week, Maryland and South Carolina are regarded as somewhat doubtful in their choice for the Presidency. Arkansas, Mississippi and North Carolina are placed in the Taft column. The anti-administration Republicans of Alabama will meet in State Convention in Birmingham Wednesday and will choose a delegation to Chicago that will oppose Taft.

The week will likewise be one of great activity for the Democrats. Chief interest will center in the State primary in Texas, which has already developed into one of the most bitter political contests the Lone Star State has ever witnessed. The point at issue is whether or not Senator J. W. Bailey shall be one of the delegates-at-large to the Denver Convention. Other Democratic happenings that will attract attention will be the State Conventions in Connecticut and New Jersey. In both States the signs seem to point to undivided delegates to the National Convention.

The Presidential aspirants of both parties will be heard in public addresses in different parts of the country. William J. Bryan will circle through the Middle West. Taft will be heard Tuesday night in New York and Governor Johnson has accepted an invitation to speak in Detroit on Wednesday night.

The American battleship fleet will spend the entire week in the harbor of Santa Barbara, where an elaborate round of festivities in honor of the officers and men will be carried out.

The centennial celebration of the New York diocese will be the cynosure of all eyes in the Catholic world, attended, as it will be, by all of the dignitaries of the church in this country and several from abroad.

Portugal is awaiting with some anxiety the reassembling of Parliament next Wednesday, when King Manuel will personally take the oath before that body to observe the Constitution of Portugal.

Four of the Southern States will observe Monday as Confederate Memorial day, and throughout the North the same day will be celebrated in honor of the birthday of General Grant. The State Prohibition election in North Carolina will be another event of interest.

Cold Settles on Kidneys.

Cure Is Obtained Promptly by Using
Dr. A. W. Chase's Kidney and
Liver Pills.

Medical authorities place colds as the most frequent causes of kidney disease.

It is customary to consider the lungs alone as in danger from colds.

This is a mistake.

The kidneys are quite as susceptible and the effect is to congest and clog these filtering organs until the whole system is poisoned and there comes backache, lameness, aching head, painful limbs and urinary derangements.

In a wonderfully short time Dr. A. W. Chase's Kidney and Liver Pills afford relief and cure.

By reason of their direct and combined action on kidneys, liver and bowels they cleanse the system, purify the blood and carry away the poisons generated by reason of the cold.

The great secret of health lies in keeping these filtering and excretory organs regular and active and this can be done by using Dr. A. W. Chase's Kidney and Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. The Making and Selling of Woolens.

Woolen mills are divided into grades and classes. Just as in every other business there are specialists in grades of woollen fabrics. There is no one woollen mill that produces a full line of all grades and character of fabrics. Any mill that offers a new pattern that is worthy of a place in the "Benjamin" line gets the "Benjamin" order for that pattern and the "Benjamin" order is so important that it assures every possible price concession. So it is that the cloths in "Benjamin Clothes" represent the best thoughts of the best designers of woolens and are always bought at bottom prices.

The Style of Benjamin Clothes.

Clothes made by a New York tailor have a distinction that no other garment can attain. They are different. This is because they are made by the finest tailors in the world. Alfred Benjamin & Co., are the greatest manufacturing tailors in New York—clothes worn by the smartest men in New York bear their label.

No custom tailor can afford to employ such master workers as make our Benjamin Clothes. It is only because of the enormous size of their business that the Benjamin Clothing can be sold at such modest prices.

We Have Real New York Clothes in Stock.

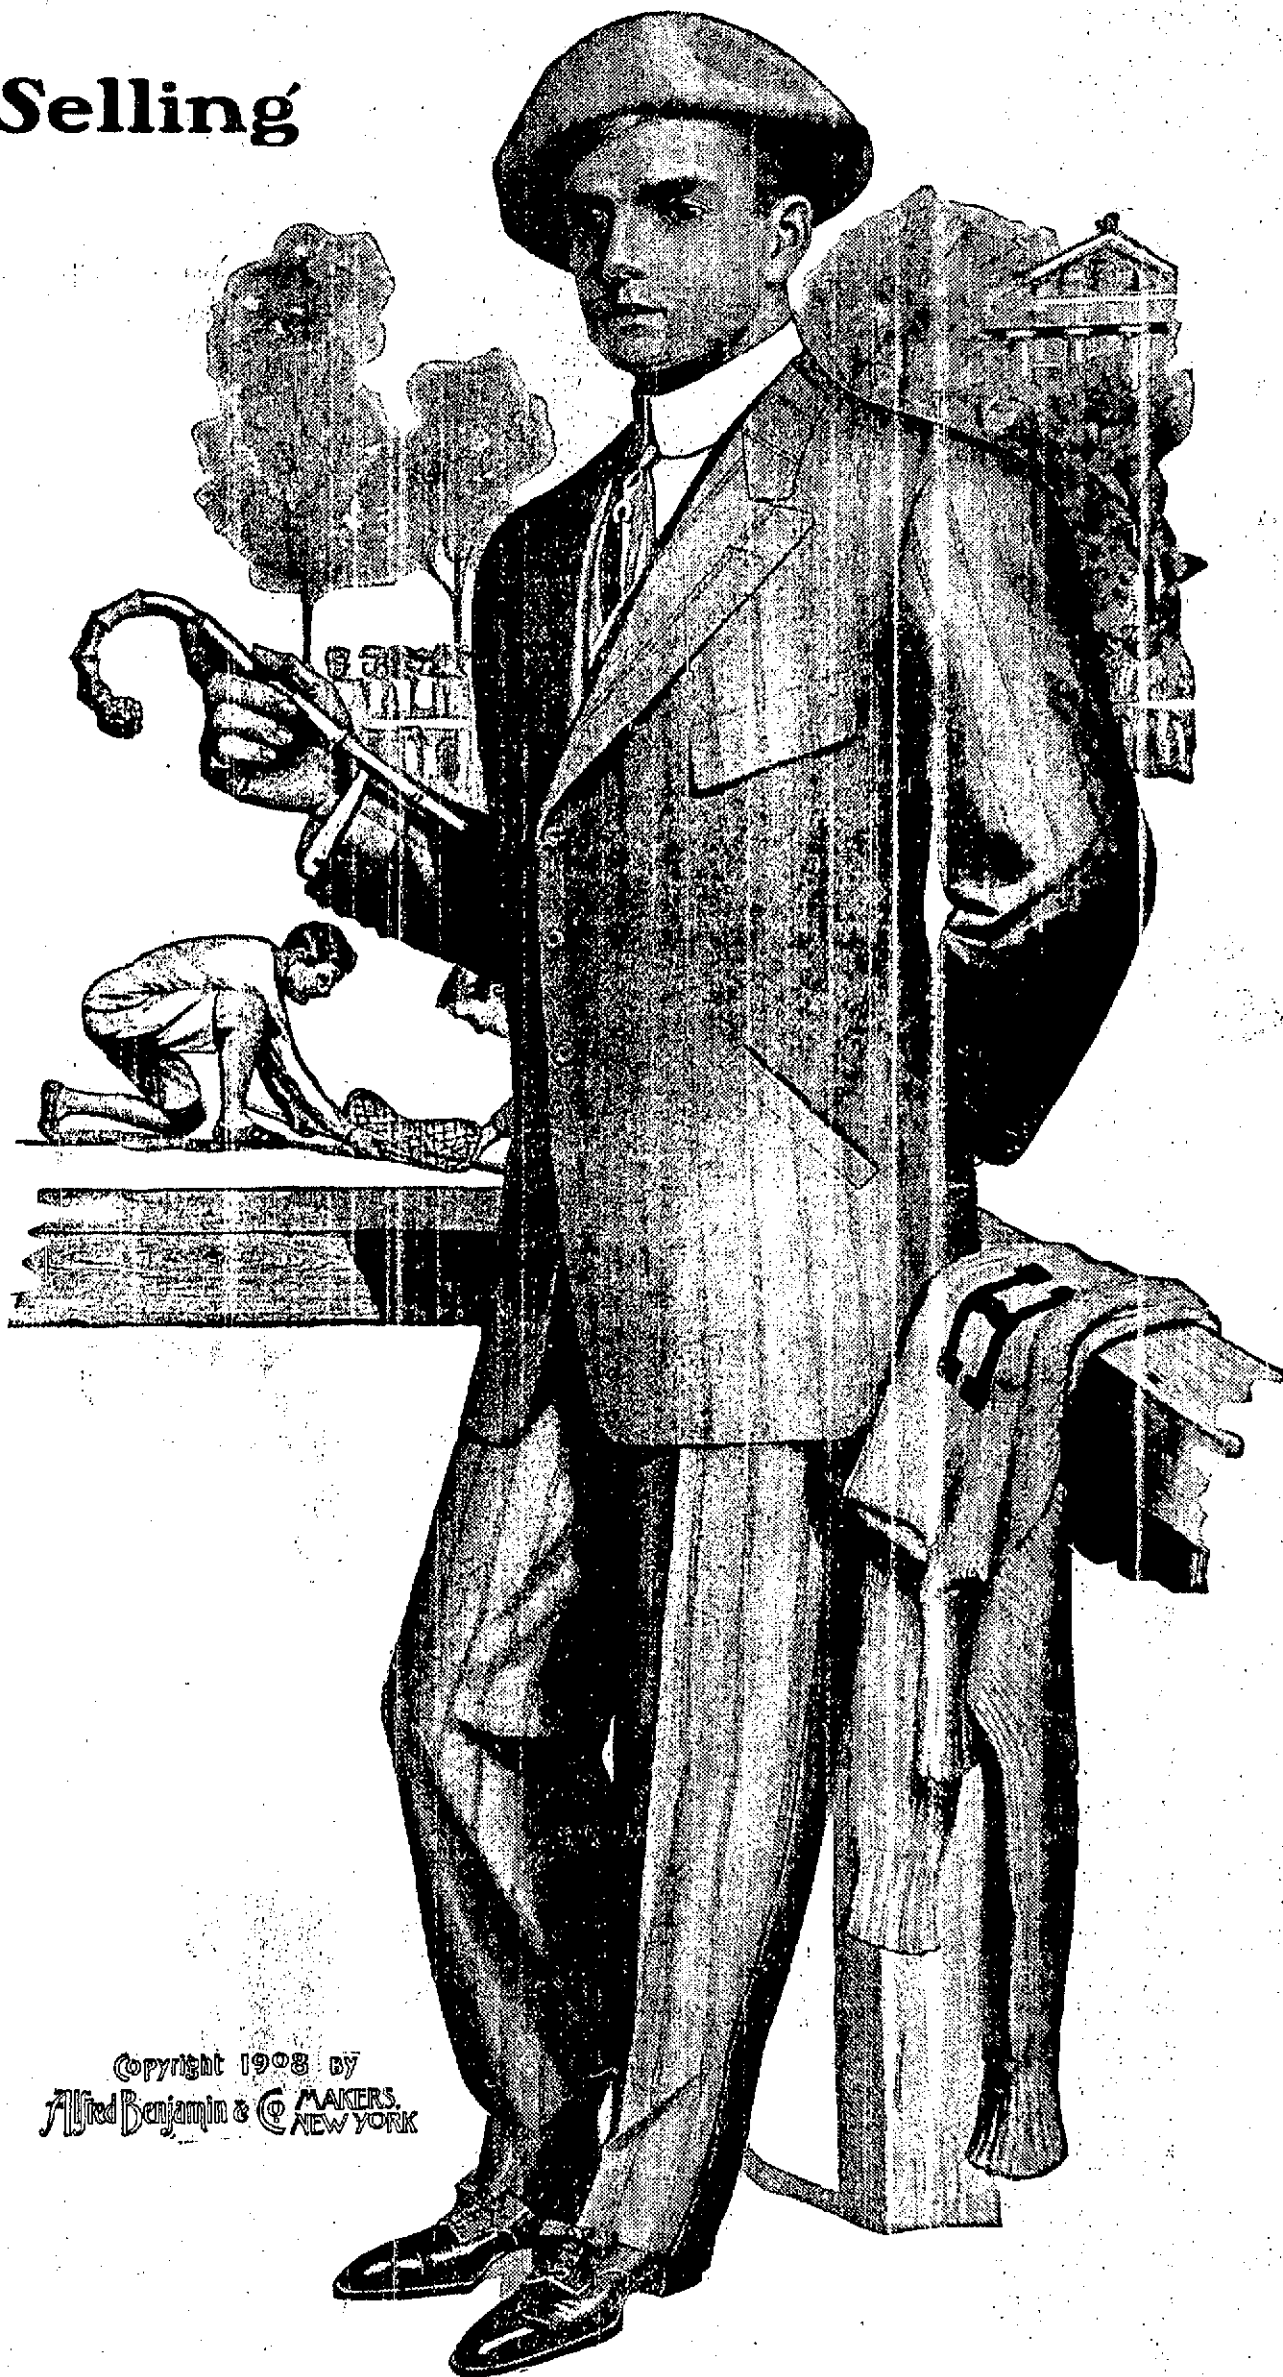

These garments are fine examples of what the best tailors can do. No one mill could cover the range of styles and patterns of cloths used in making Benjamin Clothes.

No tailoring firm in the world can buy woolens at lower prices than Alfred Benjamin & Co.

Old Fashioned vs. Modern Methods.

The old fashioned custom tailor way of making and buying clothes is dying a natural death. Men nowadays haven't the time it takes to get a suit made to order; besides, by the ready made route they are not buying a pig in a poke. No man can tell by looking at a piece of cloth how it is going to look on him when it is made into a suit.

The ready for service garments tell the whole story. Then too, there is no custom tailoring company who can afford to carry in stock all the best weaves and patterns from all the best woollen mills.
